Helmet of Salvation

8.26.12

Ephesians 5:17

Sermon Discussion Questions:

1) What part of the body is the helmet designed to protect? What does it protect from? Why do you think accusations have such power (see also John 8:44)?

2) How are you experiencing accusations right now – whether from others, from your own mind, or from our enemy (see also Job 1:9-11; Zechariah 3:1-2)? How are we to handle these kinds of accusations (see also Romans 8:16)?

3) How does your future salvation help you in your spiritual battle today (see also Revelation 12:10)? How have you experienced salvation – or God's deliverance – in a present sense?

4) In what other ways (besides salvation) have you seen a promise bring the future into the present?

5) Share one practical way this sermon will cause you to live differently this week.
