1. Pastor Jim says that our Genesis series will not focus on the “how” and the “when” of creation. Do you still have lingering questions about creation? Does having unanswered questions regarding creation cause you to doubt? If so, talk about it among the group. Refer to calvarygr.org/creation for more resources on the how and when of creation.

2. What does light being God’s first gift say about Him?

How does this change the way you see God’s goodness?

How does this change your heart towards those who are walking in darkness?

3. The idea of light is closely related to life and to love. Reading these verses 1 John 1:5 (God is light), 1 John 4:8 (God is love), and John 14:6 (God is life), how are these themes intricately connected? What would we expect of a life without Light, Love, and Life?
4. In light of question 3, why is it important of us to meet?

Given what Hebrews 10:22-25 says, how could we encourage each other to continue meeting?
