### **Sermon Discussion Questions**

**February 4, 2024**

1. Where have you seen God so far in 2024? Have you seen Him move in big ways? Or have you felt distanced from him?
2. What role does repentance play in your relationship with God? Is it a regular rhythm and practice for you? How does repentance affect our relationship with God based on our passage this morning?
3. Why are we still called to repent when we are saved by grace through faith? What does genuine repentance communicate to God about where our hearts are at?
4. Does God call us to repent and confess to each other? Has your experience with this been mostly good or bad?
5. Why does God give Jesus authority over all things? What does Jesus' authority over all things have to do with our repentance?
6. Take some time to read the Sermon on the Mount, Matthew 5-7, (each person chooses a section to read through) and take time to reflect on ways can repent and confess the ways you've fallen short of Jesus' teaching.
